Alpha Energy and Electric Inc. is the recipient of the 2017 Small Business of the Year award and the 2017 winner of the coveted Mr. K. Award (The first, and one of two minority companies to win this prestigious award since its inception more than thirty years ago). In 2014, Alpha Energy and Electric Inc was one of the twenty companies selected and accompanied the U. S. Secretary of Commerce on a trade mission to West Africa; a mission to promote the United States President's power initiative in West Africa.

This New Panasonic Battery Manufacturing Facility Project in De Soto, Kansas is estimated at over $4 billion and to be the largest Battery Manufacturing Facility in North America when completed in 2025.

We thank you for your support over the years and, with much gratitude, are happy to share this news with you.
