

Alpha Energy and Electric Inc. and Siemens join to provide world class electrical products & services and small business solutions. Together we increase energy efficiency, improve productivity and make your organization function with smarter buying decisions. We accomplish this by providing intelligent, communications-capable products that distribute electricity, protect and record electrical consumption, all while managing your total lifecycle cost and also protecting your equipment. So whether you need a product or solution for an airfield, hospital, or data center, Alpha Energy and Electric Inc., and Siemens products and solutions increase system reliability, and help you avoid expensive power interruptions and equipment breakdowns.

■ Design and Installation of Energy and Electrical Systems

Power Plant Electrical Design and Installation
Energy efficiency program, Audit, Evaluation,
Reviews and Retrofitting Services
Fire Alarm, Data & Voice, Security, Audio
Visual Systems
HVAC Control (Parts & Smarts)
Solar & Wind Energy Design & Installation
General Contracting and Construction
Management

■ Bus Duct (non-segregated phase)

Busway Systems
Legacy Systems Power II
Fit Program Power II
Measure Service
Sentron XJ-L HD

■ Circuit Breakers

Power Circuit Breakers
Molded Case Circuit Breakers
Siemens Residential Circuit Breakers
Murray Residential Circuit Breakers
IEC Miniature Circuit Breakers
SDV6 MV Distribution Circuit Breakers
SDV7 MV Distribution Circuit Breakers

■ Control Products

NEMA Contactors and Starters
Overload Relays
Lighting Control
Manual Motor Starters and Switches
Duplex Controllers
Pump Control Panels
Reduced Voltage Control
Control Power Transformers
Soft Starters
Control Pilot Devices
Medium-Voltage Control Products

■ Load Centers

ES Series Generator Ready
Load Center
PL Series Riser Panel Load Center
Specialty Load Center

■ Control Circuit Protection

IEC Miniature Circuit Breaker
Supplementary Protectors
Fuses and Fuse Holders
Terminal Blocks

■ Low Voltage Switchgear

Arc Resistant LV Switchgear
LV Switchgear Arc Flash Solutions
SMART LV Switchgear
Standard LV Switchgear

■ Medium-Voltage Switchgear

Gas-Insulated Arc-Resistant up to 38kV
Metal-Clad Non-Arc-Resistant 38kV
Metal-Clad Arc-Resistant 5kV-15kV
Metal-Clad Non-Arc-Resistant 5kV-15kV
Smart Gear® Power Distribution Solutions
SIMOSEC Metal-Enclosed Interrupter
KXPLUS C Gas-Insulated OEM Components
Vacuum Generator Circuit Breakers
Vacuum Replacement Circuit Breakers

■ Power Monitoring and Energy Management

Energy Management Software
Energy Management Products
Application Engineering
Service Agreements

■ Lighting Control Systems

i-3® Control Technology, v2 LCP3000EZ

■ Switchboards

Commercial Multi-Metering Switchboards
Distribution Switchboards
Gen Ready Switchboards
Integrated Power Systems Switchboard
Rear Connected Switchboards
Stock Switchboards

■ Switches

Medium-Voltage Disconnect Switches

■ Panel Boards

Fusible Panels
Lighting Panels
Power Distribution Panels
Unassembled Panels

■ Meter Main and Meter Load Center Combinations

EUSERC Meter Mains
EUSERC Meter Load Center Combinations

■ Electric Vehicle Charging Solutions

Residential
VersiCharge

■ Multi Family Metering

Transformers
Surge Protection
Reclosers
Power Equipment Centers
